

MOUNTAIN FLIGHT - EVEREST EXPERIENCE

The Everest Experience is an unforgettable mountain flight that brings you remarkably close to the world's highest peaks, including Mt. Everest itself—just 20 miles from your window. Soaring high above the clouds, you'll witness more than 20 iconic Himalayan summits in just under an hour.

Departing from Kathmandu early in the morning, this awe-inspiring journey offers crystal-clear views of snow-draped mountains, pristine glacial lakes, and dramatic ridgelines—especially beautiful during the months from September to April. A guaranteed window seat ensures you never miss a moment of the breathtaking scenery.

Along the way, you'll receive a Himalayan peaks map and an in-flight briefing to help you identify each towering giant, from Langtang Lirung to Shisha Pangma, Cho-Oyu, Lhotse, and the mighty Everest. At the end of the flight, you'll be presented with a personalized Everest Experience certificate to mark the moment.

Note: Flight time may vary slightly depending on weather conditions.
